Education

B.E - Electronic and Telecommunication Engineering

Pravara Rural Engineering College

Nov. 2022 – May 2026

Loni, Maharashtra

Higher Secondary Certificate Examination

D.K. More Janata Junior College, Vadgoanpan

Jun. 2021 – Feb 2022

Sangamner, Maharashtra

Secondary Certificate Examination

D.K. More Janata Vidyalaya, Vadgoanpan

Jun. 2019 – Feb 2020

Sangamner, Maharashtra

Technical Skills

- Html
- Tailwind
- React
- C++
- CSS
- Javascript
- Firebase
- Data Structures

Projects

AgriKart: Farm Equipment Rental Platform | MERN, Clerk, Tailwind CSS, RAG AI | [Live](#) [LinkedIn](#) Mar 2025

- Developed **AgriKart**, a farm equipment rental platform that connects farmers to rent and lend agricultural machinery at affordable prices.
- Built a **secure authentication system** using Clerk and implemented **user profile management** for equipment listings, owner/renter verification.
- Integrated **Krishi AI**, a **RAG-based chatbot** trained on **200+ Indian crop datasets** with **multilingual support** to assist farmers.
- Implemented **Razorpay** for **secure transactions**, enabling seamless payments for rentals.

PhotoPalette: Photo Management Application | React, Bootstrap, Firebase | [Live](#) [Github](#) Nov 2024

- Created **PhotoPalette**, a responsive photo management app using React and Bootstrap for an intuitive and mobile-friendly user interface
- Integrated **Firestore** Authentication for secure user login, **Firestore** for persistent data storage, and **Firestore Storage** for efficient image upload and retrieval.
- Deployed on **Vercel**, ensuring secure, production-ready hosting with optimized environment variables.

QuickUnits : Unit conversion application | React, Bootstrap, Firebase | [Live](#) [Github](#) Oct 2024

- Built **QuickUnits**: a responsive unit conversion app with **React.js** and **Bootstrap 5**.
- Secured user authentication using Firebase Authentication and managed session state in localStorage
- Developed modular, reusable components in React for scalable and efficient conversion features.
- Deployed on **Vercel** with secure environment variables for seamless, production-ready hosting

Experience

The Baap Company

React.js Developer Intern

Dec 2024 – Feb 2025

On-site

- Collaborated with the development team to build dynamic, responsive web applications using React.js.
- Utilized Tailwind CSS for efficient and modern styling of web applications.
- Implemented reusable components and state management techniques for scalable and maintainable codebases.
- Contributed to innovative projects, enhancing skills in modern web development practices and tools.

Achievements & Awards

4th Place, Tech Pragyan 2025 Hackathon

Recognized for developing **Agrikari** (a MERN-based farm equipment rental platform), securing **4th place** among 80+ competing teams.

Certifications

- The Modern JavaScript for Beginners- Udemy 
- Data Structure and Algorithms - Scalar academy. 
- Programming Foundations Fundamentals - LinkedIn Learning. 
- Introduction to Career Skills in Software Development. 
- Git and Github Certificate by geekster.
