Education

B.E - Electronic and Telecommunication Engineering   Nov. 2022 – May 2026
Pravara Rural Engineering College   *Loni, Maharashtra*

Higher Secondary Certificate Examination   Jun. 2021 – Feb 2022
D.K. More Janata Junior College,Vadgoanpan   *Sangamner, Maharashtra*

Secondary Certificate Examination   Jun. 2019 – Feb 2020
D.K. More Janata Vidyalaya, Vadgoanpan   *Sangamner, Maharashtra*

Technical Skills

- Html
- CSS
- Bootstrap
- Javascript
- React
- Firebase
- C++
- Data Structures

Projects

PhotoPalette: Photo Management Application | *React,Bootstrap,Firebase* | Live Github   Nov 2024
- Created PhotoPalette, a responsive photo management app using React and Bootstrap for an intuitive and mobile-friendly user interface
- Integrated Firebase Authentication for secure user login, Firestore for persistent data storage, and Firebase Storage for efficient image upload and retrieval.
- Deployed on Vercel, ensuring secure, production-ready hosting with optimized environment variables.

QuickUnits : Unit conversion application | *React,Bootstrap,Firebase* | Live Github   Oct 2024
- Built QuickUnits: a responsive unit conversion app with React.js and Bootstrap 5.
- Secured user authentication using Firebase Authentication and managed session state in localStorage
- Developed modular, reusable components in React for scalable and efficient conversion features.
- Deployed on Vercel with secure environment variables for seamless, production-ready hosting

Ai-Customer care ChatBot Landing Page | *React,Bootstrap, Javascript* | Live Github   Oct 2024
- Built a responsive AI chatbot landing page using React and Bootstrap, focusing on clean UI/UX
- Utilized reusable components to optimize development and maintain code efficiency.
- Gained hands-on experience with React state management and component-based architecture.
- Deployed the project on Vercel and managed source code on GitHub.

Experience

The Baap Company   Dec 2024 – Ongoing
React.js Developer Intern   *On-site*
- Collaborated with the development team to build dynamic, responsive web applications using React.js.
- Utilized Tailwind CSS for efficient and modern styling of web applications.
- Implemented reusable components and state management techniques for scalable and maintainable codebases.
- Contributed to innovative projects, enhancing skills in modern web development practices and tools.

Vault of Code   Jun 2024 – July 2024
Web developer Intern   *Virtual*
- Learned HTML, CSS, and Bootstrap
- Gained Practical JavaScript Knowledge
